Enquiries

LAP welcome enquiries from other beacon producers requiring own branded product. We are also happy to advise on our design and manufacturing facilities.

Patented Xenon PCB's

LAP have patented this unique way of converting the Xenon PCB from single flash to double flash.

This is done by simply snipping the loop wire situated between the external lens and the inner fresnel lens.

Warranty

LAP offer a 12 month or 2000 hour guarantee on all our products, subject to the item being fitted and used in accordance with the correct instructions.

Any problems caused by misuse or negligence will not be covered under the LAP guarantee.

LAP will in all circumstances only offer to replace faulty product should failure occur.
